**FACULTY RESEARCH FORUM**

Thursday 27 and Friday 28 August 2015

**FAKULTEITSNAVORSINGSFORUM**

Donderdag 27 en Vrydag 28 Augustus 2015

The 2015 Faculty of Health Sciences Faculty Research Forum promises to be a very special event. Not only is it the 48<sup>th</sup> Forum held in this Faculty; it is also characterised by high quality submissions for presentation. It is our hope that this event will serve as a worthy reflection of a Faculty that is known for its high academic standards, efficient service and quality research.

The 2015 Faculty of Health Sciences Faculty Research Forum showcases the research activities of our people and we can be truly proud of each individual who has contributed in some way to make this event a highlight of the year's activities.

\*\*\*\*\*

Die 2015 Fakulteit Gesondheidswetenskappe Fakulteitsnavorsingsforum beloof om 'n besondere geleentheid te wees. Dit is nie net die 48<sup>ste</sup> Forum wat in hierdie Fakulteit aangebied word nie; hierdie jaar se Forum word gekenmerk deur hoë gehalte voorleggings vir aanbieding. Ons hoop dat hierdie grootse geleentheid 'n waardige weerspieëling sal wees van 'n Fakulteit wat bekend is vir sy hoë akademiese standarde, doeltreffende dienslewering en gehalte navorsing.

Die 2015 Fakulteit Gesondheidswetenskappe Fakulteitsnavorsingsforum is die toonvenster van die navorsingsaktiwiteite van ons mense en ons kan met reg trots wees op elkeen wat op die een of ander manier daartoe bygedra het om dit 'n hoogtepunt van ons jaar se werksaamhede te maak.

**Message from Prof GJ van Zyl  
Dean  
Faculty of Health Sciences**

*Prof GJ van Zyl's messages for the Faculty  
Research Forum 2015*

A hearty welcome to the 48<sup>th</sup> Faculty Research Forum of 2015.

In my address last year I remarked that the heat is on for research! And the Faculty members certainly rose to the occasion. We successfully increased our research output by close to 30%. Well done. The work is, however, not done as we are still gathering momentum. I hope that this year's Forum will again contribute significantly towards reaching the target. Thank you to each researcher who invested the time and effort to participate in this prestigious event.

This year we have the wonderful privilege of welcoming Prof Hester Klopper as the speaker at our FP Retief Lecture. Prof Klopper is internationally recognised as an outstanding scholar and leading researcher in the field of Nursing. I am personally looking forward to her talk. Prof Klopper's session is a must for all committed researchers in the field of Health Sciences, and for those who wish to benefit from an excellent role model.

We are also privileged this year to have our Faculty Forum linked to the Alumni weekend on campus. I sincerely hope that some of our Alumni will attend the Forum of 2015 – they will even gain some CPD points for their effort.

The annual Faculty Research Forum is one of the highlights on the calendar of the Faculty of Health Sciences at the University of the Free State. It is my pleasure to thank each of you for presenting your research, contributing to the programme or attending presentations. May I request you to attend the session that deals with the student winners of 2015? Each year this is a very rewarding session that deserves the attention of all Faculty members. By attending you also give our students the recognition they deserve.

A special thank you to Prof Witthuhn who again sponsored part of the Faculty Forum, and to the Organising Committee for all their hard work behind the scenes. Finally I would like to invite everyone to attend the FP Retief Lecture, as well as the presentations by our external evaluators, and to stay on and share in the festivities of the Alumni weekend with our colleagues of former years – may this be a rewarding experience! Welcome and enjoy!

## EXTERNAL ADJUDICATORS / EKSTERNE BEOORDELAARS

### Professor J Blitz

**Associate Professor Julia Blitz** is a Family Physician primarily employed in the Division of Family Medicine and Primary Care at Stellenbosch University. In 2008 she completed a Post-graduate Certificate in Higher Education at the University of Pretoria, which gave her the theoretical foundation to complement her interest in health professions education. She works part-time in the Centre for Health Professions Education where she teaches on the MPhil in Health Professions Education and is also facilitating faculty development activities provided for academic staff to strengthen their teaching competence. She has published in, and reviews for, peer-reviewed international medical education journals. In 2014 she became a registered PhD student with the topic "Clinical teaching on an expanding training platform: designing a fit-for-purpose model of faculty development for emerging clinical teachers in a resource-constrained environment".

### Professor J Albertyn

Jacobus Albertyn completed his Ph.D. in 1996 and this was followed by a Post-doctoral stay at Rice University, in Houston, Texas, USA. Both his Ph.D. study and post-doctoral research was focussed on osmoregulation in the yeast *Saccharomyces cerevisiae*. After his return to South Africa he changed his research focus to the use of yeast as host for heterologous expression. His research focus includes the taxonomic and biotechnological potential of yeasts, the use of yeast as host for heterologous expression and the study of pathogenic yeasts. Currently he is a Professor of Microbiology in the department of Microbial, Biochemical and Food Biotechnology at the UFS.

INVITED SPEAKER / GENOOIDE SPREKER

### Prof H Klopper

Hester Klopper is an international academic and professional leader with extensive international networks in global health, public health, policy development, nursing and health care. She is the Chief Executive Officer of FUNDISA (Forum for University Nursing Deans in SA) and the President of Sigma Theta Tau International (2013-2015) (She is the first person outside of North America to be elected to the position of President of STTI). Prior to this position, she was the Dean of the Faculty of Community and Health Sciences, University of the Western Cape, South Africa, where she continues to hold a full professor appointment. In addition, she holds a professor position with INSINQ, a research focus area, based at North-West University (Potchefstroom Campus). She holds a Master's degree (1992) and PhD (1994) from University of Johannesburg and a MBA (2002) from Luton University in the UK. As a scholar her research programme focuses on positive practice environments, patient safety and quality improvement. A continued interest is global health and the role nurses play in policy influence and strengthening health systems. She has been successful in securing funding for her work over the past decade of more than 50 million ZAR.

Embedded in her work, is the focus on leadership development and capacity development of young scientists. She coordinates the national programme, the PLUME programme, funded by the National Research Foundation (NRF), to support the development of research programmes of university nursing department and post-doctoral candidates. Hester has been the supervisor of more than 25 PhD students and 45+ master's students; she has published 60+ peer reviewed publications, and presented her research and scholarly work at more than 100 international conferences. She is a Fellow of the Academy of Nursing of South Africa (FANSA), an inductee into the Hall of Fame for Excellence in Nursing Research (FUNDISA) and most recently, accepted as a member of the Institute of Directors of South Africa (IODSA).

## **INSTRUCTIONS TO PRESENTERS**

1. The author whose name is underlined in the abstract delivers the presentation.
2. A paper lasts 15 minutes (including 5 minutes for questions), and a poster session lasts 4 minutes (including 2 minutes for questions). In order to give everyone a fair opportunity, we kindly request presenters to adhere strictly to the set times.
3. Facilities for electronic data projection are available. In view of time constraints, we kindly request presenters to load their presentations onto the computer network well in advance.
4. The poster exhibition is on display in the marble foyer of the F.P. Retief Building for viewing from Wednesday to Friday.
5. A friendly reminder: All winners will be announced at the last session of the Forum, Friday afternoon at 16h00.

*Dr FM Claassen*

Chairperson: Organising Committee

## **INSTRUKSIES VIR AANBIEDERS**

1. Die outeur wie se naam onderstreep is in die abstrak, lewer die voordrag.
2. 'n Referaat duur 15 minute (insluitend 5 minute vir vrae), en 'n plakkaatvoordrag duur 4 minute (insluitend 2 minute vraetyd). Hoflik versoek ons dat aanbieders streng by die toegekende tyd hou ten einde elkeen 'n billike kans te gee.
3. Fasiliteite vir elektroniese dataprojeksie is beskikbaar. In die lig van die beperkte tyd, versoek ons aanbieders vriendelik om hul aanbiedings betyds op die rekenaarnetwerk te laai.
4. Die plakkaatuitstalling kan besigtig word in die marmervoorportaal van die F.P. Retiefgebou vanaf Woensdag tot Vrydag.
5. 'n Vriendelike herinnering: Die wenners word aangekondig by die laaste sessie van die Forum om 16h00.

*Dr FM Claassen*
